Please also read the following guidance:

Degree/HND/Diploma: The documents must show the name of the qualification that you have been awarded and the overall grade, classification or cumulative grade point average as appropriate. It is also helpful to include a description of the grading/classification system used. For Chinese diplomas/degrees we require both the final certificate and full transcript.

English Language Translation: Where documents are not in English it is your responsibility to obtain an official translation to English and submit both the translation and the document translated. You should include the full name and address of the translator.

Name change: If the documents are not in the same name as you are using to apply for admission you must include official proof of the name change – please see guidance on <http://beta.www.hull.ac.uk/Choose-Hull/Study-at-Hull/Admissions/Policies-and-Guidance.aspx>.

Provisional results: Documents that show that results are provisional and subject to further confirmation will not be accepted.

Sending original documents by post: We recommend you do not send originals by post but if you need to we recommend use of a secure mail service or courier to guarantee delivery. The University of Hull cannot be held responsible for loss of documents in any external mail/courier system. The cost of post/courier to send documents is the applicant's responsibility.

When sending hard copy (original) documents please let us know whether you require us to return them to you: We will normally return them by an official courier to overseas addresses (where such a service is available). Returns to UK addresses will normally be sent via first class recorded delivery and will require a recipient signature for delivery.
