

Online learning requirements

Success on our online Pre-sessional English Programme depends on you being properly prepared, having the correct equipment and set-up, and being fully engaged in the class.

If you are thinking about registering for our online pre-sessional English programme, **you must be able to meet the following requirements.**

You will need:

- a secure and stable Internet connection.
- a laptop or desktop computer with a fully functioning webcam and microphone. Phones and tablets are not acceptable.
- Microsoft Windows.
- a quiet and private place from where you can attend class. Attending class from a room where other people are present such as a dormitory or coffee shop can distract you, your classmates and your teacher.

If you join the course, but do not meet the requirements listed above, your teacher will ask you to leave the class, until you have met them.

If you are unable to meet the requirements listed above, please register for our on campus programme.

IMPOTANT

Online learning can be a convenient way to study, but you should consider whether it best suits your learning needs.

Students who need to improve their speaking skills, will always benefit more from taking our on campus programme. If you are not sure what type of course is best for you, please email

LanguageUnit@hull.ac.uk for advice.
