

Request Reference: 3391

FOI Request dated 17/04/2025 –

- 1. Is the university aware of the presence of asbestos in any land or property which is owned and/or managed by the university? NB: this should include all asbestos including asbestos which is appropriately managed and not regarded as a danger.*
- 2. If answer to above is 'yes': How many student bedrooms are known or suspected to have asbestos in them (or in the surrounding walls, ceiling, etc)? NB: "Student bedrooms" should be defined as any bedroom currently occupied by either undergraduate or graduate student(s) which is in land or property owned and/or managed by the university. As above, this should include asbestos which is not regarded as a danger.*
- 3. In the last three years, how many times has the University been made aware of accidental potential damage or disturbance of asbestos within property owned and/or managed by the university?*

Response

1. Yes
2. Zero
3. Zero
